Statement of Belief

1. The Bible, in its entirety, is God’s inspired word. In its original autographs, it is fully accurate, not only concerning spiritual issues, but also in matters of history and science.

2. The universe and all that it contains, both living and non-living was designed by God and created out of nothing in six literal days as described in Genesis. Biological changes since creation have been confined within the created kinds.

3. The creation occurred several thousands years ago, not millions or billions.

4. The Noachian Flood, as described in Genesis, was an historic event, worldwide in extent.

5. Acceptance of the Lord Jesus Christ, who is God and Creator, is mankind’s only path to reconciliation with God.

I have read and subscribe to the Statement of Belief of Design Science Association and wish to become a voting member. Enclosed is my membership fee.

An Engineer's View

A Look at the “Best Evidence” for Evolution

A result of 22 years of his own personal scientific study of these evidences.

This meeting will be an opportunity to learn more about the validity of these evidences which are constantly being used to promote evolutionary philosophies in the culture, and an opportunity for you to see if you agree or disagree with each of Mr. Mitchell’s 27 conclusions. There will be a question and answer period following the talk.

This month's DSA meeting will be held on Saturday, December 16, 2006, from 9 to 11:30 AM. And be sure not to miss our annual Christmas music and refreshments! All are invited to bring a plate of their favorite seasonal treats—see you there!

*J.D. Mitchell is a registered professional engineer in Oregon and Washington, and has a Bachelor of Science in Mechanical Engineering from the University of Washington. He has also completed his Master of Biblical Studies in Biblical Creation Apologetics from Master’s Graduate School of Divinity.

A principal consulting engineer for Crane & Hoist Engineering of Gresham, OR, he is listed in the Marquis Who’s Who in Science and Engineering.

J.D. has been studying the scientific and biblical evidence regarding the origins controversy since 1984, when he was converted from a theistic evolutionist to a born again Christian.

He is director of the Institute for Creation Science at Powell Valley Covenant Church (ICS-PVCC), and speaks regarding the creation versus evolution controversy as a part of his creation ministry (Creation Engineering Concepts).
As a reminder, DSA is now recognized as a 501(c)(3) tax exempt organization and will be issuing (end of the year) tax deductible receipts for donations. We have enclosed a return envelope—thank you for donations.
