Howard Mudder

A Young Earth, Does It Really Matter?

DSA WILL MEET THIS month at a different location (see map on back) to hear popular speaker Howard Mudder* address the scriptural, philosophical and scientific implications of the “young earth (and universe)”. He will

offer the scientific evidences for his conclusions—some that have been known for decades, and some that have only recently been unveiled.

As a 7th and 8th grade science teacher, Howard's talk will be informative and definitely understandable—his desire is that each in attendance can take something away from the talk to both encourage him or her personally, as well as use to witness to friends and acquaintances.

THIS MONTH'S DSA MEETING WILL BE HELD ON Saturday, January 19, 2008, from 9 to 11:30 am. Be sure to join us as we examine this important subject.

*Howard Mudder, science teacher at Horizon Christian Middle School in Tualatin, Oregon, received his Bachelor of Arts and Master of Science in the field of Biology from the University of Oregon. After years of indoctrination in evolutionism, twelve years ago Howard and his family began attending Rolling Hills Community Church, and after a year of good Bible teaching there, he was challenged to examine his beliefs. The result has been eleven years of continual study on the subject of creation vs. evolution, with Howard becoming more and more convinced of the absolute improbability of evolution and the ever increasing proofs of God's design and creation of all things only thousands of years ago.

DSA *Overnight Raft Trip*
July 8, 9, 2008

This new field trip will feature an overnight stay in the rugged Deschutes country and cover 35 miles of a totally new (for our group) section of the river! This extended version raft adventure will be fully provisioned by Discovery Outfitters.

Why? Besides enjoying good Christian fellowship and the adventure of white water rafting, DSA members Steve Hayley and Keith Swenson will present a creationist perspective on the biology, geology (and night-sky stars) of the Deschutes Canyon.

Who? All interested persons are welcome to register. Anyone younger than age 18 must be accompanied by a responsible adult.

Meet: We will meet in the parking lot of Central Bible Church at 7:00 AM and drive to Maupin, OR, where the raft trip begins. Return time (to Maupin) will be around 5 PM Wednesday.

Bring: Provided by Discovery Outfitters will be all rafting equipment, meals (lunch, dinner, breakfast & lunch) and shuttle to and from raft sites. A list of personal items recommended will be sent to each person registering.

Cost: \$145. per person. (Due with this application).

Registration: To register, return the completed coupon below with your payment. Acceptance will be on a first come, first serve basis.

For more info, contact coordinator Ruth Hazen at 503-658-7734.

The DSA-sponsored “Science, Scripture and Salvation” radio broadcast is now heard each Sunday at 12:30 PM. This 15-minute program is found on **KPDQ 93.9 FM**.

JANUARY 2008 PROGRAMS:

Jan. 6: Alaska—the Great Land, Part 1
 The Creator’s handiwork is displayed throughout the earth, but one area rich in splendor is Alaska. Abundant wildlife and glacier-filled bays make Alaska a nature lover’s paradise. However it’s also a geological gem and a massive testimony to Noah’s flood. In part one of this two-part special, we’ll focus on Alaska’s geology and learn about its unique plant life. Tune in!

Jan. 13: Alaska—the Great Land, Part 2
 Alaska’s natural beauty awaits the wide-eyed visitor and thrills the long-time resident! Many who visit hope to observe the wildlife that thrives there. Not only do these creatures delight tourists, they show us the mighty hand of the Creator! Join us for the second half of our two part special on Alaska.

Jan.20: Victims of the Wrong Choice
 According to Genesis, man is God’s supreme creation, made in His image with an eternal soul. Why then does modern society value human life so little – destroying children before birth? What about the mother who has an abortion – is she also a victim of this disrespect for life? Join us as we consider abortion’s victims.

Jan. 27: The Great Dinosaur Dilemma
 Dinosaurs have long been the center of controversy – used by secular paleontologists to support an ancient earth. Creationists, however, aren’t the only ones disagreeing with evolutionary interpretations of dinosaurs; it seems evolutionists are at odds with each other over dinosaur fossil discoveries. Listen in to this fascinating discussion!

DESIGN SCIENCE ASSOCIATION

APPLICATION FOR VOTING MEMBERSHIP

STATEMENT OF BELIEF

- 1 The Bible, in its entirety, is God's inspired word. In its original autographs, it is fully accurate, not only concerning spiritual issues, but also in matters of history and science.
- 2 The universe and all that it contains, both living and non-living was designed by God and created out of nothing in six literal days as described in Genesis. Biological changes since creation have been confined within the created kinds.
- 3 The creation occurred several thousand years ago, not millions or billions.
- 4 The Noachian Flood, as described in Genesis, was an historic event, world-wide in extent.
- 5 Acceptance of the Lord Jesus Christ, who is God and Creator, is mankind's only path to reconciliation with God.

I have read and subscribe to the Statement of Belief of Design Science Association and wish to become a voting member. Enclosed is my membership fee.
