Lloyd Anderson

Mount St Helens—a Big Bang for Creation

Photo by Gregg M. Erickson

MOUNT ST HELENS' 1980 ACTIVITY was the most significant geological event of the 20th century, according to geologist Dr. Steven Austin. It challenged the reigning uniformitarian paradigm for the age of the earth. For 14 years, speaker Lloyd Anderson* has been describing these rapidly-produced landforms. The 7 Wonders Creation Museum chronicles the recent history of how the various Mount St Helens eruptions in one decade became a "Big Bang for Creation." Get the facts right—hear Lloyd's one-hour, clear but powerful lay-level talk, illustrated with newly enhanced PowerPoint color and animation. A new DVD, produced by Becki Pike, is also available on a donation basis.

THIS MONTH'S DSA meeting will be held on Saturday, January 19, 2013, from 9 to 11:30 AM, at Greater Portland Bible Church. *Join us as we revisit this "explosive" demonstration of rapid geological processes.*

*Lloyd Anderson graduated from Wheaton College (B.A.) and Dallas Theological Seminary (Th.M.). He pastored Bible churches from 1966-1985. During a period of retirement he was introduced to young-earth creation science; shortly after, he heard Steven Austin tell what ICR scientists had learned at Mount St Helens. With wife Doris, he founded and has directed the Mount St Helens Creation Information Center since 1998.

APPLICATION FOR VOTING MEMBERSHIP

STATEMENT OF BELIEF

- 1 The Bible, in its entirety, is God's inspired word. In its original autographs, it is fully accurate, not only concerning spiritual issues, but also in matters of history and science.
- 2 The universe and all that it contains, both living and non-living was designed by God and created out of nothing in six literal days as described in Genesis. Biological changes since creation have been confined within the created kinds.
- 3 The creation occurred several thousand years ago, not millions or billions.
- 4 The Noachian Flood, as described in Genesis, was an historic event, world-wide in extent.
- 5 Acceptance of the Lord Jesus Christ, who is God and Creator, is mankind's only path to reconciliation with God.

I have read and subscribe to the Statement of Belief of Design Science Association and wish to become a voting member. Enclosed is my membership fee.

“But then with me the horrid doubt always arises whether the convictions of man's mind, which has been developed from the mind of the lower animals, are of any value or at all trustworthy. Would any one trust in the convictions of a monkey's mind, if there are any convictions in such a mind?”

Charles Darwin,
From letter to William Graham, 1881
