DSA
ROGRAMS
MEETING
PCOMING
P
each Sunday at 12:30
The DSA-sponsored “Science, Scripture and Salvation” radio broadcast is now heard
and Jews, what can we learn from the Dead Sea
In the Judean desert, a treasure trove of ancient doc-
September 9: The Dead Sea Scrolls
September 16: Deadly Ocean Creatures

of great importance to both Christians
Denizens of the deep just as dangerous, though they
lack the teeth and bite of the shark. What are they?
Tune in to learn more!
September 23: Origins Controversy
Were we created or are we here by chance? This question has fueled the fire of the origins debate,
but if opposing scientists see the same evidence,
question has fueled the fire of the origins debate,
We tune in to this interesting
discussion!

September 30: Rocks Rock!
We walk on them, admire their beauty, use them in
buildings, and tell our children not to throw them!
We show evidence of having been
constructed using powered
machinery. After Babel, peo-
ple scattered widely and con-
structed items such as
Machinery. After Babel, peo-
ple scattered widely and con-
structed items such as

of man from cre-
tained as “man
beings, and...evolved from an animal”.
If that
were true, then the further we went
backwards in time, the more primitive
ought man to be. But science shows
us exactly the opposite.

Ancient civilizations had a high
technology even before the Flood.
The Flood wiped it all out, but not the
memory that it could be done. After
the Flood, people began to rebuild
civilization again but they did not
have to reinvent the pre-Flood tech-
nology. Thus early after the Flood a
high level of science and technology was again in
existence. Ancient Egypt and the pyramids illustrate this. It is astounding what the evidence indicates!
Surviving objects made of very hard rock show that
they were carved using what we would term modern
machining methods. After Babel, people
scattered widely and constructed items such as
Stonehenge in the British
Isles, Tiahuanaco and
Sacsahuaman in South
America, and the Mayan
pyramids in Central America.

This month’s DSA meeting
will be held on Saturday,
September 15, 2007, from 9 to
11:30 AM. Be sure to join us as
we learn how scientific reality
agrees with the Biblical record!

As a reminder, DSA is now recognized as a
501(c)(3) tax exempt organization and will
be issuing (end of the year) tax deductible
receipts for donations. We have enclosed a
return envelope — thank you for donations.

SUNDAYS: 12:30 PM
The Greeks knew exactly who Noah was: they called him Nereus, the Wet One. Noah was not some vague figure remembered by a few maverick Greek artists. They and sculptors actually defined the rapid growth of their contrary religious outlook in direct relation to Noah and his loss of authority. Greek artists portrayed the victory of their man-centered religion as the simultaneous defeat of Noah and his Yahweh-believing children. The 12 labors of Herakles (the Nimrod of Genesis) sculpted on the temple of Zeus at Olympia (Section III), in and of themselves, chronicled and celebrated mankind’s successful rebellion against Noah and his God after the Flood. The most important part of this book may be Section IV which explains why the scholarly world remains blind to the obvious and simple historical truths expressed in ancient art. The book includes over 130 illustrations, including computer reconstructions of ancient sculptures by Holmes Bryant.

DSA Booktable price: $16

A geneticist from a major university, Dr. John Sanford examines the validity of evolution’s Primary Axiom—that man is merely the result of random mutations plus natural selection. This revolutionary book details compelling new genetic evidence that the human genome is deteriorating, and has always been deteriorating due to accumulations of mutations. The more scientists discover about the human genome, the less plausible Darwinism is. Dr. Sanford systematically lays out the scientific case against mutations resulting in the origin of species. A must read for every biologist or person interested in biology.

DSA Booktable price: $14

Subject of this month’s meeting, this colorful book is now in its 3rd edition. Presents fascinating, intriguing material to show that humans have always been highly intelligent. From ancient maps, ziggurats, pyramids and startling ancient inventions, the evidence demonstrates the truth of the biblical account of human history. The facts do not support evolution!

DSA Booktable price: $10

A gifted teacher, Rick Thompson’s conversations with Sidney reveal Scriptural truth in a fun and memorable manner. Meanwhile, Sidney’s singing, quick wit and sparkling eyes captivate the audience. Sidney’s probing questions are the ones we all would like to ask. Based on solid scientific evidence, this lively presentation answers questions about man’s origin, the flood, earth history, dinosaurs, and much more in a way that is humorous and easily understood by the whole family.

“My road to atheism was paved by science... but, ironically, so was my later journey to God.” Lee Strobel

This 60-minute program is a compelling adaptation of Lee Strobel's personal journey from atheism to faith in God... a journey in search of the truth about intelligent design in the universe. During his academic years, Lee became convinced that God was outmoded, a belief that colored his ensuing career as an award-winning journalist at the Chicago Tribune. Science made the idea of a Creator irrelevant... or so Strobel thought. Has science discovered God? At the very least, it’s giving faith an immense boost as new findings emerge about the incredible complexity of life and our universe.

Highlighted by spectacular computer animation, The Case for a Creator DVD is a remarkable film in which you’ll encounter the mind-stretching discoveries from cosmology, cellular biology, DNA research, astronomy, physics, and human consciousness. More than 40 minutes of bonus features.

DSA Booktable price: $15

“Creation or Evolution What's the Difference?” Rick & Sidney

What's the Difference?

Is there evidence for evolution? Was there a worldwide flood? What about dinosaurs and fossils?

Songs and humor for the whole family!

Rick & Sidney Show Now on DVD!

This special edition of the Rick & Sidney program has been digitally-remastered!
